#####

Counter-motion regarding item 3 on the Agenda

#####

-

People, I have hereby filed a motion against approving the acts of all the members of the Executive Board of the aforementioned company, RWE, for the 2015 financial year.

-

My reason for this unpleasant request is that this company, RWE, took the shares I held in the company DEA AG forcibly and against my will, which I hereby reiterate, as part of an allegedly legal squeeze-out procedure and has failed to give me the opportunity to buy back my shares so far.

-

The aforementioned Mr. Mueller
