

NOTICE REGARDING PROPOSED INTRA-CORPORATE TRANSFER

On September 12, 2019, Baron Winds LLC obtained a Certificate of Environmental Compatibility and Public Need ("CECPN") from the New York State Board on Electric Generation Siting and the Environment. The Certificate authorizes Baron Winds to construct and operate a 242 MW wind-powered electric generating facility and associated project components in the Towns of Cohocton, Dansville, Fremont and Wayland, Steuben County, New York ("Facility") subject to certain conditions. Subsequently Baron Winds proposed to construct the Facility in two separate phases (Phase I and Phase II). Approval to phase construction was granted on April 27, 2020, and Phase I of the Facility is currently under construction.

This Notice announces that on September 6, 2022, Baron Winds LLC and Baron Winds II LLC filed a joint petition respectfully requesting Siting Board approval under Section 1000.17 of the Siting Board's rules (16 NYCRR § 1000.17) for the partial transfer of the CECPN from Baron Winds to Baron Winds II for Phase II of the Facility (the "Transfer"). The proposed Transfer of Phase II of the Facility to Baron Winds II is necessary to facilitate the tax equity financings of each of Baron Winds and Baron Winds II.

Once filed, a copy of the petition can be found at the following:

<https://www.rwe.com/en/research-and-development/project-plans/baron-winds>

Also, once filed the Petition can be found on the Department of Public Service's webpage at <http://www.dps.ny.gov/>. Click on "search" and enter the Case Number 15-F-0122 in the search bar.

For further information on the Petition, please contact:
